## **Friday AM & PM Classes TBA**

Check the website in August

### **Saturday AM Classes**

**Beginning – Maureen Sellers-** We'll learn how to hold, tune and strum the dulcimer. Learn basic fingering and some easy rhythm helpers.

**Novice – Heidi Muller-** Waltzes!

Improve your picking and strumming on sweet chord-melodies in 3/4 time.

**Novice-Intermediate– Janita Baker-**

How To Play Anything You Can Find Music For with a bit of Music Theory. If you can count to 8 you can do this.

**Novice-Intermediate–Jeff Furman-**

Celtic Airs– Learn some beautiful airs and how to express them utilizing left hand techniques to add color and smoothness to your playing.

**Intermediate & Beyond –**

**Lee Rowe-** Classical dulcimer repertoire.

**Strong Intermediate & Beyond –**

**Dave Haas-** Add some variation to your playing. Playing the same thing over and over is boring. Play on the bass, an octave higher, left and right hand techniques and much more! Both fast and slow songs will be covered.

**Strong Intermediate & Beyond –**

**Gary Gallier-** Playing melody in other keys...no capo or retuning. dAD tuning. Strong intermediate. As time permits we will work on songs in the keys of G, Am, Em and Bm. It only makes sense that playing "Cross Key" would best be done by playing 'cross the fretboard, so techniques on flatpicking will be covered.
